A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH TRIFECTA CAPITAL ADVISORS

Trifecta Capital Advisors is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2 - RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Trifecta Capital Advisors offers investment advisory services to retail investors on a discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. You may limit our discretion by imposing reasonable restrictions on investing in certain securities or groups of securities. Our firm monitors your agreed-upon asset allocation target and investments (that you have granted us discretion over) within your advisory account(s), on an ongoing basis to align with your investment goals. This service is included as part of the Firm's standard advisory services. Our Firm requires a minimum \$1,000,000 household balance in order to provide advisory services to you. This minimum household value requirement is negotiable. If deemed appropriate for you, our Firm will recommend utilizing an independent Third-Party Money Manager ("TPMM") to aid in implementing investment strategies for the client's portfolio. Our Firm offers financial planning and consulting services for our clients. Financial Planning services are provided in conjunction with our investment management services.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- ☒ Given my financial situation, should I choose an investment advisory service? Why or why not?
- ☒ How will you choose investments to recommend to me?
- ☒ What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 - FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our firm charges an annual investment advisory fee based on a percentage of assets under our management. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee is 1.25%, billed in arrears on a monthly basis. You pay this fee even if you don't buy or sell investments. The more assets in your advisory account, the more you will pay in fees; therefore, the Firm is incentivized to encourage you to increase the asset value in your account. The custodian will charge transaction costs, custodial fees, redemption fees, retirement plan and administrative fees, or commissions. Our other Firm fees are billed as follows: TPMM, fees and billing methods are outlined in each respective TPMM's Brochure and Advisory Contract. You pay an ongoing fee directly to the TPMM based upon a percentage of your assets under management with respect to each TPMM. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- ☒ Help me understand how these fees and costs might affect my investments.
- ☒ If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. 1) Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Asset-based fee compensation also poses a conflict when: a) Advising you to rollover a 401(k) balance, when equivalent and less costly options are available if funds are left with the employer's fund manager. b) Advising against making a large charitable contribution to get a tax deduction (but decrease assets under management). c) Advising you to take a margin position in your managed account and charging fees on the margin balance. 2) Our firm allows our Financial Professionals to invest in the same securities as you; therefore, our Financial Professionals may have an incentive to favor their personal accounts over your advisory account. 3) Lastly, some of the products, services, and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and, therefore may not directly benefit your advisory account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- ☒ How might your conflicts of interest affect me, and how will you address them?
